HOW TO PLAY

Set Up

There should be at least 6 players in a group or row to pass your paper around to. Give each player a printable (prompt or blank).

Fill Out Prompt Sentence at Top

Use the printable with the prompt already written OR use the blank printable and write a sentence at the very top of the page, but don't let anyone see what you write. The more descriptive or action-packed, the better. Give player about 1 minute to finish their sentence. After they are done, they should pass their paper to the person on their right.

Draw Picture of Sentence & Fold

The next person should then read the sentence and do their best to draw a small picture of what they've just read in about 1 minute. After that person is done drawing, instruct them to fold the top sentence over (so the next person can only see the drawing) and pass the paper on to the right.

Repeat the Pattern of Draw/Fold/Write/Fold

This pattern of writing a sentence, folding over the previous drawing, drawing a picture, and folding over previous sentence repeats until the paper is filled.

Ending the Game

When the paper is filled, have the players pass the papers back to the original owners to read. They will want to pass the papers around the group and read each one. You could even have each group share the funniest one with everyone. So hilarious!
